Description
This course covers the basics of safe and responsible bouldering. Topics include equipment, bouldering techniques, safety procedures, injury prevention, and training for competitive climbing. Each course meets once a week for the entire term at the indoor rock wall in the Student Recreation Center.

Prerequisites/Corequisites
None

Learning Outcomes
The Outdoor Pursuits Program emphasizes safe and responsible participation in outdoor activities. Upon completion of the course the student should be able to demonstrate:

1. An understanding of the care, strengths, and weaknesses of the climbing equipment used in this course.
2. Proficiency in safe spotting techniques.
3. An ability to use accepted climbing techniques in the ascent of a boulder problem.
4. An understanding of proper warming up techniques and appropriate stretching for a climbing specific workout.
5. An ability to craft an effective training regime for competitive climbing.
6. An ability to assess one's strengths and weaknesses as a beginning, intermediate, or advanced rock climber.

Evaluative Criteria
This is a P/NP course. Students enrolled for credit will be assessed a P/NP grade based upon the following criteria: Attendance, competence, participation, and knowledge. Specifically, for a passing grade, students must:

1. Miss NO MORE than 2 class sessions, REGARDLESS OF THE REASON FOR ABSENCE. Attendance is MANDATORY at the sessions specified in the syllabus. NO EXCEPTIONS!
2. Demonstrate competence in the following skill components: spotting, injury prevention, and basic climbing movement.
3. Show steady improvement in climbing techniques.
4. Actively participate in the following skill components: climbing and spotting.
5. Attain a score of 80% or higher on the worksheet. The deadline is specified on the syllabus, and late submissions will not be accepted.
