

To the Families of Ellis Heyer and Collin LaMore,

Receiving the Heyer/LaMore Leadership award meant the world to me. It gives the students of the OPP a goal to strive toward. Seeing how great the last recipient of the award was really raised the bar of performance in the program and receiving it is a time in my life that I will always remember.

This award has been an important accomplishment and will help in applying to dream jobs as well as setting the bar for next years graduates, always bettering the Outdoor Pursuits Program and in turn humanity as we all strive towards teaching humanity to love the world. I personally knew and saw Collin and Ellis on and around campus and even off campus. We had not become more than acquaintances but hearing about them has made me realize that those guys were as good of people as the smiles they gave for free.

This award has changed the course of human events and now both the Heyer and LaMore families are responsible for making the OPP a place where love and knowledge will resonate forth to the rest of the world. Thank you Collin and Ellis and especially your families for making the world a better place.

Respectfully,

Mason
