

UNIVERSITY OF OREGON • PE & REC • Outdoor Pursuits Program
PEO 392 - Backcountry Survival Final Examination

- due Thursday June 7 by 5 p.m. -

Submit a word-processed document and attach it via email. Thoughtful, complete responses are expected!
Incomplete and/or trivialized responses may result in a NP!

DO NOT submit this exam late. I will ignore a late submission and post a NP.

- Q 1: Describe YOUR physiological strengths and limitations and what you need to focus on to maintain health and relative comfort in a survival situation. Describe some strategies you would employ in the future to maximize survival success.
- Q 2: What were the most important things you learned about your equipment (what you had, how you used it, what was most useful, what was missing, what needs to be modified, what was useless, etc.)?
- Q 3: Describe the mental/psychological /attitudinal challenges you encountered during your survival experiences and how you managed them.
- Q4: ON A SEPARATE PAGE: Provide feedback for EACH of your outing leaders. Please be objective and specific. Include examples to provide meaning and context.

Leadership teams: Maggie/Evelyn

Liana/Garret

Tenley/Zoli
